Lower achiever or high performer?

Real professionals count
on the new **Philips Linear
Highbay IP65.**

The CoreLine Linear Highbay IP65 is ideal for replacing more traditional metal halide and T5 highbays. It has a very tough, yet attractive design that is at home in a high end retail location as it is in a more industrial setting. Available also in a white finish and a range of optics the Linear IP65 highbay is at home anywhere you choose to put it

Key Features and Benefits

- ✓ Exceptional 145 Lumens per watt
- ✓ Wide Beam (WB) optics as standard, HRO (High Rack Optics) and NB (Narrow Beam) as options
- ✓ Robust aluminium extrusion body and quality Xitanium drivers ensuring luminaire longevity
- ✓ Dalli optional (PSD)
