SAMPLE SPECIFICATIONS

Supreme MasterAir Automatic High Speed Hand Dryer

General

Scope—Supply and install Supreme MasterAir hand dryer as shown on the plans.

Materials

Supreme MasterAir automatic hand with color coded aluminium or stainless steel cover.

Workmanship

Remove hand dryer cover by loosening the two allen screws on top of the cover with the key provided. Lift the top of cover away from the base plate by 20mm and then lift bottom of cover away from the base plate locking arms.

Washrooms

Mount at recommended height from floor varies, refer to chart opposite.

Completion

Before fitting the cover, test operation and adjust sensitivity if required by turning the trim pot at the base of machine as per instruction sheet. An ideal detection distance would be approx. 120mm from dryer.

Leave work clean, remove all trade rubbish from the site and leave the hand dryer cleaned and in working order.

Pass over warranties/manuals to the principal.

We reserve the right to alter specifications and design without prior notice
